

Product Colors

MI Windows and Doors provides a variety of color options to complement the interior or exterior design of nearly any home.

Extrusions

Solid vinyl extrusions offer even, traditional color inside and out for windows and doors that are timeless, durable, and attractive. MI offers three extruded colors, providing options for any home.

White

Almond

Clay*

Laminates

Available for both interior and exterior applications, laminates offer homeowners a satisfying solution when looking for a more traditional bronze aluminum or woodgrain interior finish. After the profiles are extruded, the laminate finish is applied by a series of precision rollers and blades.

Bronze†

Colonial Cherry‡

Hillside Oak‡

Natural Oak‡

* Clay available on 4300 Series, 9770 Casement, 9660 Awning, 3580 Single-Slider, 1620 Single-Hung, 1630 Single-Slider, and 910 Sliding Glass Door only. Also available on 3500 and 3540 Single-Hungs manufactured in Flower Mound, TX.

† Bronze available on 1255 Single-Hung, 1600 Series (except 1620, 1630, and 1695), and 3500 Series products (except 3580); available on exterior with white interior only

‡ Woodgrains available on 1600 Series (except 1620, 1630, and 1695); available on interior only

Painted Exteriors

Choose from eight distinctive colors, available on our 1600 Series and 3500 Series windows*. The environmentally friendly, water-based coatings meet EPA requirements, provide outstanding coverage and durability, and offer long-term performance and beauty.

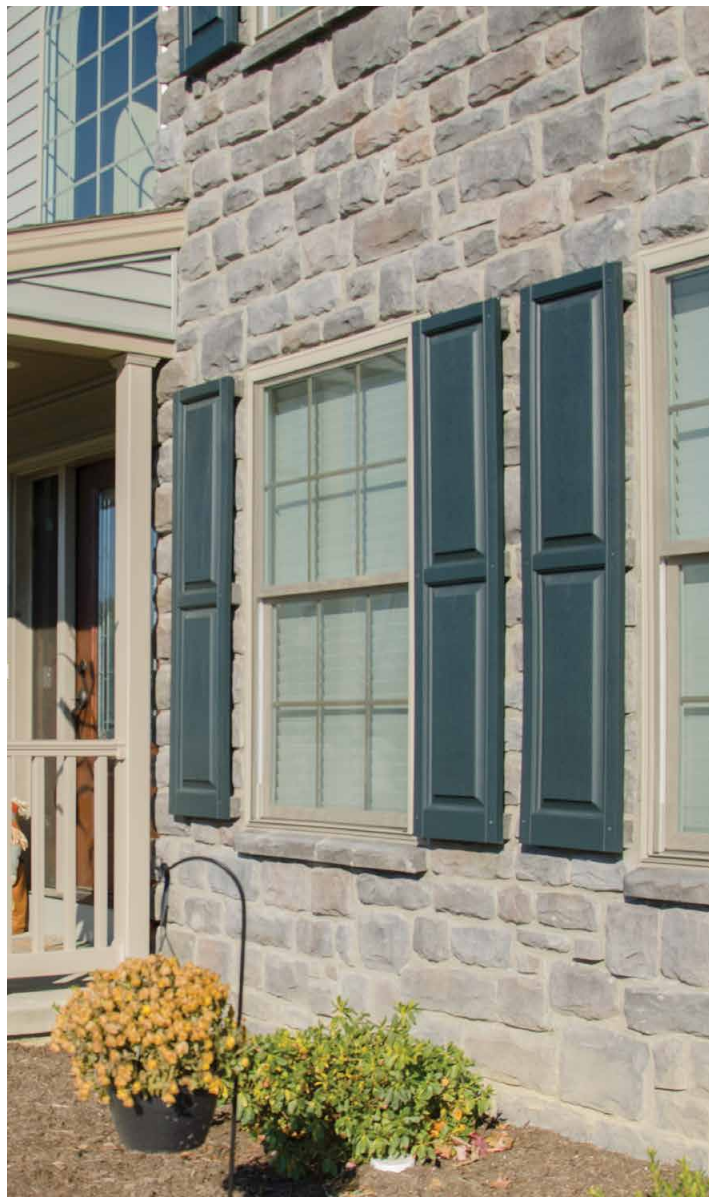

Each color-coated window is available with matching grids and screens to ensure a consistent and cohesive finish. With the additional option of laminated woodgrain[†] interiors, our exterior finishes provide expansive design possibilities able to complement the style of any home.

A UNIQUE UPGRADE FOR VINYL WINDOWS

- Improved curb appeal
- Available on double-hung, single-hung, double-slider, single-slider, casement, awning, picture windows, and sliding glass doors

STATE-OF-THE-ART TECHNOLOGY

- Oven-baked application ensures the paint will maintain color and flexibility
 - Prevents cracking, fading, peeling, or blistering
 - Resists abrasion from impact
- Heat-reflective pigments minimize heat gain on the frame and other window components

* Painted exterior available on 1600 Series (except 1620, 1630, and 1695), 3500 Series, 9770 Casement, 9660 Awning, and 910 Sliding Glass Door only

† Black and silver not available with woodgrain interiors
